

800,000 Voters To Polls

Governor Race Big Factor In Voter Turnout

ST. LOUIS — (AP) — About 800,000 Missourians, more interested in a hot Democratic gubernatorial race than sizzling temperatures, were flocking to the primary election polls today.

At the same time, federal and state authorities kept watch for possible vote fraud in the various races for U.S. Senate, 10 Congressional seats and state and local offices.

Some 100-plus degree weather was predicted following Monday's record 104-degree temperature here. But by 10:30 a.m., about nine per cent of the metropolitan area's registered voters had cast ballots, compared with the usual four or five per cent at this time in recent elections.

Keen interest was focused on the race between Lt. Gov. Hilary A. Bush of Kansas City and Secretary of State Warren E. Hearnes of Charleston for the Democratic gubernatorial nomination.

Ethan Shepley of St. Louis, a former Washington University chancellor, is almost a certainty as the Republican nominee.

In Kansas City, voters also were watching the 5th Congressional District where Democratic Rep. Richard Bolling is challenged by Hunter Phillips, Jackson County judge and lumberman.

Bolling is on the important House Rules Committee and is an administration stalwart. He is reported to have told Atty. Gen. Robert Kennedy that he feared election day finangling.

Four Republicans and 16 Democrats are fighting for the 9th District congressional seat vacated when Rep. Clarence Cannon, 85, a 42-year Congressional veteran, died in May.

The other eight incumbent congressmen are expected to win nominations easily.

U.S. Senator Stuart Symington is certain of the Democratic nomination. Jean Paul Brad-

Nine Trapped Miners Up From Shaft

CHAMPAIGN, France (AP) — Nine miners who spent eight days huddled in a damp chamber of the collapsed Mt. Rivel limestone mine were hauled up to safety through a narrow rescue shaft today and rushed, one by one, to a hospital.

It took about one hour to bring the nine men up through a hole pushed through to them by a special 23-inch drill.

None of the survivors appeared to be in serious condition, although all of them showed the effects of their long ordeal underground.

Several had cloth wrapped around their heads to shield their eyes from the blazing sun. Others were quickly fitted with dark glasses to protect their eyes.

First the reach the surface was Andre Jacques, 28, who seemed slightly dazed. He shielded his eyes from the blazing sun until a rescuer gave him dark glasses.

Relatives and other villagers who had spent long, painful hours waiting on the slopes of Mt. Rivel, cheered as Jacques was helped from the capsule. He was put in an ambulance and sped to a hospital.

In less than an hour, five of the men had reached the surface. An engineer was sent down in the capsule before the first rescue. He was helping put the men aboard and instructing them how to stand in it for the 250-foot ride to the surface.

Those in the worst physical condition apparently were sent up first. The 23-inch drill had ground through the final shell of rock shortly before 1 p.m., without causing a rock fall—one of the last fears.

A hoisting rig then was set up hastily to lower the capsule into the mine chamber.

The rescue of the nine will turn

SLAYING AFTERMATH—Judith Hirsch views body of her husband, Robert, 27, shortly after he was shot to death on street outside their apartment in New York City. Police said Hirsch, an engineer, had had "a close association" with Beverly Fazio, of Matawan, N. J., who has been charged with homicide in the case, along with her husband, Charles, 30. Police said Mrs. Fazio was a secretary in a firm which employed Hirsch. (AP Wirephoto)

Local Firm In Bid For City CATV

More Time Needed By Council For Action On Plans

Two more firms have joined the bidding bringing the total to six companies wooing City Council for a license to operate a community antenna television system (CATV) in Sedalia.

The council earlier in the year had received four proposals and during July got offers from the Clearview Cable Company, Inc., composed entirely of local shareholders, and the Cable T-V Construction Company, Inc., which is reported to be composed of a majority of local stockholders.

Carl W. Yates, Jr., owner of radio station KSIS and KSIS-FM, spoke briefly before the council concerning the Clearview firm's proposal. Yates is president of the firm.

Locally Owned

Other shareholders are Mike O'Connor, local auto dealer, W. R. (Bob) Parkhurst, manufacturer and rental firm executive, and the wives of the three. Council received the firm's license permit proposal previously and copies had been distributed to members.

The firm proposes a license fee of \$100 per year be paid for the first two years, two per cent of the gross revenue during the third, fourth and fifth years with the percentage going up to three per cent for the remaining 10 years of the 15-year permit and any extension. The city would receive five per cent of gross revenues exceeding \$75,000 after the first five years.

Their initial maximum connection fee would not exceed \$15 and initial monthly service fee would not exceed \$6 per single unit dwelling, the proposal states. Bothwell Hospital, schools, city hall, police and

Salinger Named To Senate Post Of Late Engle

SACRAMENTO, Calif. (AP)—Gov. Edmund G. Brown named Pierre Salinger today to fill the unexpired term of the late Sen. Clair Engle.

The Democratic governor made the announcement with the former White House press secretary at his side at a news conference.

Salinger staged a whirlwind campaign to win the Democratic nomination for Engle's seat in the June primary over Brown's first choice.

He got the appointment in the face of questions over his eligibility.

The onetime San Francisco newspaper reporter hasn't been a California voter since 1955, and whatever happens, he won't be able to vote for himself in November. He'll be eligible, however, to cast a presidential ballot.

Warrensburg Woman Dies In Auto Crash

NEWCASTLE, Wyo. (AP) — Mrs. Dorothy M. Bondurant, 38, of Warrensburg, Mo., was fatally injured Monday when a car she was driving swerved off U.S. 16 near here and turned over.

She died en route to a hospital. Her husband, James, a son James Jr., 13, and a daughter, Judith, 16, were taken to the hospital but later released.

Wyoming Highway Patrolman V. E. Gleason said it was not clear what made the car go off the road.

Surveyor Craft Up Next

Next Lunar Probe May Last 30 Days

PASADENA, Calif. — Jet Propulsion Laboratory scientists, equipped with 4,316 close up photographs of the moon, are thinking eagerly of the next major step in man's exploration of the lunar landscape.

It is the Surveyor, a soft-landing spacecraft with cameras that may function on the lunar surface for up to 30 days.

Two more Rangers are scheduled to be launched early next year. Plans call for them to have missions identical to picture-snapping Ranger 7.

Late next year the U.S. Space Agency will fire the first of seven Surveyors, which are three times heavier than the Rangers

Positive Steps To Alleviate Weed Situation

The subject of unsightly weeds growing heartily at many locations throughout the city was not discussed by City Council Monday night, but Mayor L. L. Studer and Sanitation Officer Willard Morris pointed Tuesday to positive steps being taken to alleviate the situation.

"Mr. Morris has been writing letters to property owners and getting good response," Studer said.

"Quite a number of these letters have been mailed out and there are all kinds of weeds being let out after this," Morris commented.

Morris said the letter informs property owners of the terms of the city ordinance against heavy weed growths and points out the city can cut the weeds and then assess the owner a charge of two mills per square foot.

The city Sanitation Department maintains two mowing machines and Studer and Morris said these are being used regularly on weeds on city property.

"Where weeds have to be cut we are going to charge the property owner," Studer said.

"The problem is that some of these people are out of town and this takes time to get out notices."

City officials, however, have thus far bluffed on the 2 mill assessment charge and apparently no private property has been mowed of weeds by the city.

The Democrat-Capital spoke editorially Friday in favor of getting rampant weed growth cleaned up before Missouri State Fair week and Sunday examples of such weed stands were published in photographs.

Warning To North Viet Nam

Sternly Worded Protest Against Attack On Ship

WASHINGTON (AP)—The United States warned Communist North Viet Nam today of "grave consequences" if any further unprovoked attacks are made against U.S. military forces.

State Department press officer Robert J. McCloskey said the American protest was sent to the American Embassy in Saigon for "transmittal to the North Viet Nam regime through appropriate channels."

It is the first such U.S. communication directly to the Red regime, with which this country has no diplomatic ties.

Communication channels exist at the Saigon headquarters of the International Control Commission — composed of India, Canada and Poland — which has authority to supervise the 1954 Geneva agreement which partitioned Viet Nam.

The protest was a sternly worded follow-up to the orders Monday from President Johnson to beef up U.S. naval forces off Viet Nam and to destroy any forces attacking them. A U.S. destroyer fought off three PT boats in the Gulf of Tonkin Sunday.

In the wake of Johnson's orders, the Giant U.S. aircraft carrier Constellation and three other vessels sailed hurriedly from Hong Kong today.

The Weather

Clear to partly cloudy with scattered showers and thunder storms through Wednesday; a slow cooling trend likely. Low tonight in 70s. High Wednesday 88 to 96.

The temperature Tuesday was 78 at 7 a.m., and 90 at noon. Low Monday night was 75.

The temperature one year ago today was, high 91, low 70; two years ago, high 95, low 69; three years ago, high 89, low 69.

Two Fliers Missing In Navy Jet Crash

SAN DIEGO, Calif. (AP) — A Navy jet crashed shortly after take-off from San Clemente Island early today and two fliers were missing, the Navy said.

The jet, an F4B Phantom II, dropped into the ocean. Navy and Coast Guard search units were ordered into the area.

Missing were the pilot, Lt. (J. G.) William E. Rushian, 24, of Atlanta, Ga., and the radarman, Ens. Joseph D. O'Hallaron, 24, of Clayton, Mo. Both were stationed at Miramar Naval Air Station, near San Diego.

Rushian and O'Hallaron left Miramar about 10 p.m. Monday to practice landings at San Clemente.

Routine Council Session

Council Takes No Action On Garbage Fee Ordinance

By Larry Embry

City Council took no action Monday night on a proposed ordinance initiating a monthly garbage fee in Sedalia and the charge plan remains in committee for further study.

Mention of the status of the controversial garbage fee ordinance was first on the council's agenda as the city fathers moved briskly through relatively just less than an hour. Mayor L. L. Studer rapped his gavel calling the council to order at 7:45 p.m., an adjournment came at 8:40 p.m. All eight aldermen were present.

In a brief opening statement, Studer noted that the garbage fee proposal had been read one time before the council and then referred to committee for further study. It won't be submitted again to the council until "a later date," he said.

It was learned earlier Monday from Fourth Ward councilman and mayor pro-tem J. C. Griffin that the ordinance is being completely rewritten. Councilmen discussed the ordinance at a private caucus last Thursday, but no additional information as to the monthly charge has been revealed.

When Mayor Studer proposed drawing of the ordinance he stated the charge would be \$1 per month for residential collection, but the initial ordinance read at the council's last meeting left blank in the paragraph setting the fee.

It was a brow-mopping night in the City Council chambers on City Hall's second floor Monday night, the room's large exhaust fan was at its noisy best and First Ward Councilman James Askren decided it was time to take some action.

"I'd like to move that the Building and Grounds committee investigate a building something like the basement at First State Savings where it is air conditioned and you can hear. This is a poor place to meet and hear what is going on."

Councilman Robert Wells said the committee hopes to put the council chambers on the ground floor in the future in quarters just east of the police station where an Air Force auxiliary field hospital was previously stored.

Askren, however, pointed out this improvement will probably be some time in coming and said temporary relief is needed now.

William R. Parkhurst rose in the audience and offered the councilmen air conditioned facilities at his manufacturing firm's headquarters at 2503 West Broadway.

"I move we accept," said Councilman Ed Neighbors. While Neighbors' acceptance of Parkhurst's offer appeared in jest, Askren was serious and city ordinance apparently would not prohibit the council from meeting elsewhere. Opening paragraphs of the city ordinance set only the meeting dates and starting time for the council.

Because of the exhaust fan the council heard a motion by Griffin and seconded by Floyd Priddy to pay departmental bills when in reality City Clerk Ralph Dedrick had read the list of officers' reports—not the bills.

Mayor Studer had called for a vote before Councilman Bader noticed the error. He later at the proper time made the motion to pay departmental bills.

Police Sergeants Examinations Set

Examinations for appointment as a sergeant in the Sedalia Police Department were announced Monday night by the Police Personnel Board. The test will be open to interested members of the department.

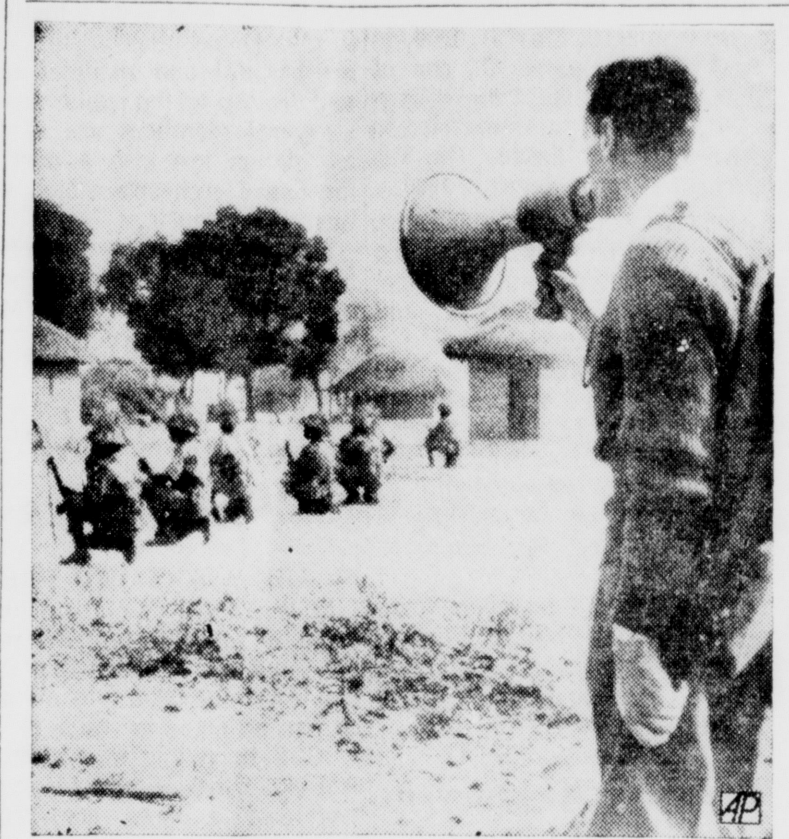

Written examinations will be given Aug. 17 and personal interviews on Aug. 18.

The appointment will fill a vacancy which has existed in the department since the promotion of the present Chief of Police William Miller.

ST. LOUIS (AP) — William Schram, 73, died early today, one month after an automobile accident in Suburban Richmond Heights in which his wife was killed.

Schram of suburban Creve Coeur died at St. Louis County Hospital from injuries suffered in the accident July 4.

Panel Votes Delay On Reapportionment

UNREST IN NORTHERN RHODESIA—Rifle-carrying government troops crouch in readiness as District Commissioner John Hannah, armed himself, uses megaphone asking Lumpa warriors to surrender after recent fighting at Sione, Northern Rhodesia. Warriors of fanatic Lumpa sect Monday massacred 150 Africans in a raid in another sector of Northern Rhodesia. (AP Wirephoto via cable from London)

Bill Would Let States Delay Action

WASHINGTON (AP)—The Senate Judiciary Committee gave speedy 10-2 approval today to a bill under which states could stave off for two years or more court-ordered legislative reapportionment.

Sen. Everett M. Dirksen, R-Ill., had asked for the action as a preliminary to a move to attach the measure to some major legislation certain to reach President Johnson's desk.

Sen. Kenneth B. Keating, R-N.Y., reported the vote when he came from a closed meeting of the committee. Keating said he took no position on the legislation, merely voting "present." He did not disclose who cast the two negative votes.

If it becomes law, the bill would permit states or citizens to obtain stays on court-directed reapportionments until the end of the second session of their next legislature.

Federal courts have ordered several states to reapportion both bodies of their legislatures on the basis of the one-man-one-vote rule laid down by the Supreme Court in a series of decisions June 15.

Most state senates are apportioned geographically. The effect of the high court's order would be to give cities greater representation in state legislatures and to reduce the influence of rural areas.

Dirksen said time is needed for Congress to consider a proposed constitutional amendment that would upset the court's order. Such an amendment would have to be approved by three-fourths of the state legislatures to become effective.

Dirksen told the Senate Monday he had served notice on President Johnson Thursday of his intentions. Asked by newsmen what Johnson's attitude was, Dirksen replied:

"I didn't try to commit him in any way. I just wanted him to know what I was planning to do."

The GOP leader said he believes he will have almost solid Republican support for his proposal and can attract enough Democratic support to attach it to some other legislation Johnson would find difficult to veto.

Pay Hike Awaiting Signature

WASHINGTON (AP) — Practically all of Uncle Sam's employees — from Congress members to postmen and servicemen — are assured of fatter pay checks.

Congress approved Monday, and President Johnson is expected to sign quickly, a \$207 million pay raise for the military.

And Senate and House conferees reached agreement on a \$556 million increase for the 1.7 million classified civil service and postal workers, and top government officials, Congress members and federal judges.

The House plans to act today on the civil pay bill, which carries annual raises of \$7,500 for congressmen and \$10,000 for Cabinet officials. The Senate was expected to act later in the day or Wednesday.

The increases for the armed forces, to take effect the first of next month, will be their second in a year as part of the new policy of reviewing servicemen's pay scales every year.

The House Armed Services Committee told the House it had omitted boosts for draftees and newly enlisted men because they are in training status and because they will receive three or four increases in their first 11 months of service due to promotions.

The pay bill agreed on by Senate and House conferees would be retroactive to the first pay period after July 1 for all but the members of Congress and high-level congressional employees. They must wait until next January for their raises.

The President has strongly backed this measure, contending it is essential to retain key personnel in government.

Gas Bombs Thrown In Jersey City

JERSEY CITY, N. J. — Two gasoline bombs were thrown — one of them at a police car — today in this racially troubled city. It was the first daytime violence after two nights of rioting, but police considered it an isolated incident.

The Fire Department also reported six separate fires set in an abandoned building in the area of Negro rioting the last two nights. The department said it also was being plagued by false alarms from the area.

A total of 20 persons have been arrested and 44 injured — including two Negroes who were shot — in the rioting.

Monday night, windows were smashed in 23 stores and a number of them were looted.

More than 100 policemen, who during the night had been the target of the gasoline bottles, bricks and rocks hurled by hit-and-run bands of Negro youths, patrolled a wide area in the predominantly Negro section today.

Two radio patrolmen reported seeing a gasoline bomb ignited in front of a building.

Sgt. Thomas Clougher and Patrolman John Eggers said that when they drove to the scene to investigate, another lighted gasoline bomb was thrown at their car.

The fire bomb hit a pole and bounced off, the policeman said. Also during the morning, five Negroes arrested while driving through the area Monday night were cleared of disorderly persons charges.

Drowned Man's Body Recovered Near Park

ELLIS GROVE, Ill. (AP) — The body of Eddie Roberts, 15, of Ellis Grove, who drowned in the Mississippi River Sunday was recovered Monday near Kaskaskia State Park.

Randolph County Sheriff Olin Walter said the boy disappeared during a picnic after chasing a cooler lid that had blown into the river.

OBITUARIES

Mrs. Tula Goodwin (Sedalia)

Mrs. Tula Goodwin, 77, wife of Christoff Goodwin, 1208 South Massachusetts, died at 6:45 a.m. Tuesday, at her home.

Mrs. Goodwin was born May 17, 1887, daughter of the late Alex and Sara Renssion Cameron, near Warrensburg. She was married to Christoff Goodwin, Oct. 13, 1908, and lived in the Warrensburg vicinity until 1933 when the family moved to Pettis County.

Surviving are her husband, two sons, Marion and Kenneth Goodwin, both of Newton, Ia., three daughters, Mrs. A. C. (Lois) Garst, Route 2, Sedalia; Mrs. E. J. (Agnes) Boysel, 308 South Park; Mrs. Byron F. (Frances) Oswald, Route 3, Sedalia; 12 grandchildren and one great grandchild. Also one sister, Mrs. George Lamb, Warrensburg, and several nieces and nephews.

One son, Marvin Goodwin, preceded her in death.

Funeral services will be held at 2:30 p.m. Wednesday, at Gillespie Funeral Home, with Rev. William Butts, pastor of the Windsor Methodist Church, officiating.

Burial will be in Memorial Park Cemetery.

Mrs. Lula Black (Chicago, Ill.)

Mrs. Lula Black, 84, former Sedalia, died at the home of her daughter, Mrs. Clarence Bell, in Chicago, Ill., where she had made her home since 1957.

Surviving are three children, Mrs. Bell, Chicago, Mrs. Edna Burford, Joplin, and Edward Black, Kansas City; one granddaughter, Mrs. Marion Hayes, Kansas City, and a number of great grandchildren.

She was preceded in death by her husband, Edward Black, Sr., who died a number of years ago, and one son, Harold Black.

The body is at the Alexander Funeral Home. Funeral arrangements are incomplete.

Cowboys Will Hold Benefit

Members of the Sedalia Rodeo Cowboy's Association have joined together in sponsoring a dance for the benefit of their president, Frank Hotsenpiller, who was seriously injured several days ago when kicked by a horse. The dance will be held at 8 p.m. Friday at Convention Hall, Liberty Park.

Buck Banner, vice-president of the association, and Curtis Pyle, are co-chairman for arrangements of the affair. Pyle said members of the association felt they wanted to do something to give Hotsenpiller a "lift" on his hospital and medical bills and decided on the public dance.

Several members are of the association are also a part of the dance orchestra which will furnish the music.

Hotsenpiller is well known here. He has for sometime been a trainer of horses at the Missouri State Fair Grounds.

People In The News

By THE ASSOCIATED PRESS
NEW YORK (AP) — Walter Cronkite says his contract with the Columbia Broadcasting System has nine years to go and he has no plans to resign.

"CBS is telling me, 'You're still No. 1 around here,'" Cronkite told a news conference Monday.

"I wouldn't expect them to say anything else," he added.

Last week, CBS announced it would replace Cronkite as anchor man for its coverage of the Democratic National Convention with a new television team, Robert Trout and Roger Mudd. At the time, Cronkite said CBS "took a clobbering" in the ratings from the National Broadcasting Co.'s coverage of the Republican National Convention.

Asked Monday why NBC got the higher rating, Cronkite said: "It is a great credit to the opposition reporters — (Chet) Huntley and (David) Brinkley. Huntley and Brinkley have entertainment value, something that we have not directly eschewed and something that we must be seeking."

SANTA MONICA, Calif. (AP) — Actress Amanda Blake, who plays "Kitty" on the television Western series "Gunsmoke," will marry Jason S. Day, an Arizona cattleman.

Miss Blake, 35, and Day, 38, of Scottsdale, got a marriage license Monday. Miss Blake said they will be married Aug. 15 at Los Angeles.

shaw, a Springfield attorney, is just as sure of the GOP nomination.

U.S. attorneys at St. Louis and Kansas City said they would have staff members on duty today to receive any complaints of voting irregularities, which might be federal violations.

Gov. John M. Dalton said the Missouri Highway Patrol would stand by in case of any possible trouble at southeast Missouri voting places. Col. Hugh Wagner, highway patrol superintendent, said troopers would especially watch New Madrid and Pemiscott counties. Candidates in those southeast Missouri counties have appealed to the patrol to stop any possible vote fraud.

The FBI offices in St. Louis and Kansas City also have received requests to watch balloting in other sections of the state.

Voters also will decide nominations for lieutenant governor, attorney general, secretary of state, state treasurer, 17 state Senate seats, 163 House posts, some circuit judgeships and most county offices.

Polls open at six a.m. and 25,000 population. St. Louis County and Clay County. Voting ends at sundown in the rest of the state.

Harold Knight at the organ. Burial was in the Crown Hill Cemetery.

D. B. Dyer

Funeral services will be held at 1 p.m. Wednesday at the Reser Chapel in Warsaw, for D. B. Dyer, 81, Clinton, who died Sunday at General Hospital in Clinton.

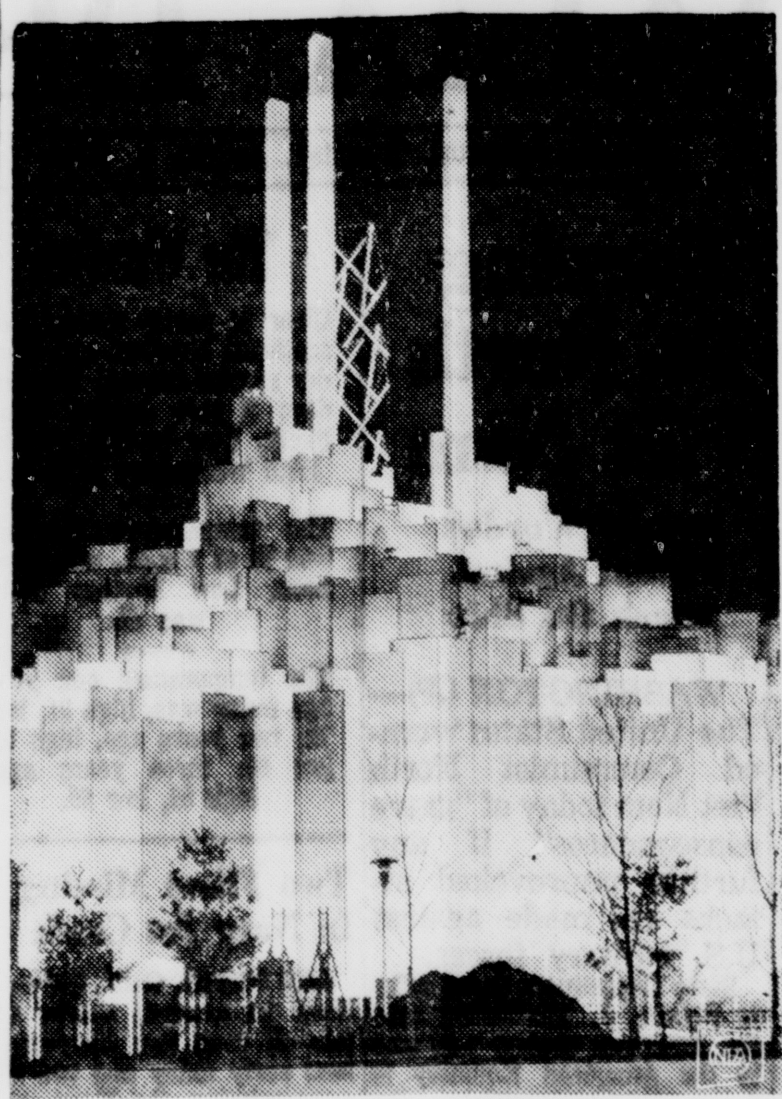

Burial will be in the Six Mile Cemetery near Buckner.

The family will receive friends from 7 to 9 p.m. Tuesday at the Reser Chapel, Warsaw.

William Hotsenpiller

Funeral services for William R. Hotsenpiller, 46, 1215 East Tenth Street, who died at Bothwell Hospital Saturday morning, were held at the Ewing Funeral Home at 2 p.m. Tuesday. The Rev. D. R. Alsip officiated.

Miss Lillian Newbill sang, "A Closer Walk With Thee" and "Beyond the Sunset" accompanied by Mrs. Edith Watson at the organ.

Surgery: Mrs. Lorenz Ehlers, Stover; Mrs. Velma M. Reis, 110 East Saline; Mrs. Robert Rambo, Lincoln; Melvin Wray Wilson, Versailles.

Dismissed: Miss Wanda Barker, 122 South Quincy; Mrs. Henry Koelling, LaMonte; Miss Catherine Ann Franken, Clarksburg; Mrs. Harold Howard and daughter, Houstonia; Olyn P. Rugen, Route 1; Charles M. Carlin, 1721 West Tenth; Leo Braden, 200 East 26th; Merlin Schroeder, Cole Camp; Mrs. Michael Dunnivant, 201 East 25th; Master Terry Weatherby, Green Ridge; Jerry Frazier, Springfield; Mrs. Lee Flippin, Warsaw; Master David Roy Rasa, Florence; Henry W. Ficken, Lincoln.

COMMUNITY Hospital, Sweet Springs — Admitted: Florence Dierker, Albert Smith, Mae Hurd, Eddie Smith, Hulda Hemme, Sweet Springs; Evone Trelow, Malta Bend.

Dismissed: Elinor Kramel, Willa Mae Neece of Sweet Springs; Ruth Hood, Kansas City; Alvin Bergman, Concordia, transferred to Trinity Lutheran Hospital, Kansas City.

In Other Hospitals

John W. Snyder, Sedalia, reported to Sgt. Ernest Van Winkle, of the Missouri State Highway Patrol, that his 1959 Pontiac convertible caught fire about 4:30 p.m. Monday doing approximately \$150 damage to the wiring and carburetors. The fire took place about one mile south of the Windsor junction and was extinguished by passers-by who had a fire extinguisher in their car.

Snyder related that the car backfired and then caught fire. He was northbound on Highway 65 at the time of the incident.

Police Court

Jose Buso, 315 East Harvey, charged with careless and imprudent driving in connection with an accident, pleaded innocent and after a hearing the case was dismissed.

Larry McCown, Route 4, charged with careless and imprudent driving in connection with an accident, pleaded innocent and after a hearing the case was dismissed.

The case of Thomas L. Gardner, 608 South Washington, charged with careless and imprudent driving, was dismissed by the court.

The case of Shirley Ann Wren, Route 1, charged with being drunk and disturbing the peace, was withdrawn by City Attorney John C. McCloskey.

Police Reports

Marylin McClain, 916 South Vermont, reported the loss of a brown leather billfold containing \$46 and papers to police Monday. The loss reportedly occurred sometime Monday near Fourth and Osage.

Police received a report of shop lifting at the Western Auto Store, 105 West Main, at 3:22 p.m. Monday. A juvenile was picked up and taken to the police station and talked to by Juvenile Officer Cecil Glenn and Police Chief William Miller.

Burglars ignored the nearby presence of city authorities, forced entry to the used car office on the lot of the Bryant Motor Company in the 200 block of South Kentucky, stole a number of sets of keys and made off with a new camper pickup sometime late Monday night or early Tuesday morning.

The Bryant lot is located just around the corner from the police station and across the street from fire station No. 2.

Police, who investigated after the burglary and theft was discovered and reported at 8:43 a.m. Tuesday, said entry to the used car office was gained by forcing a west window. The intruders took keys to several late model autos and the keys to a 1964 Dodge white pickup truck, in which they made their getaway.

The new truck was equipped with a brown cab-over camper unit. Police said the truck bore no license plate.

The investigation is continuing.

Police issued two warrants for assault Tuesday morning against Mrs. Dorothy Susan Harris, 119 North Broadway, on complaint of her husband and another woman identified only as Jo Ann Fair.

Otis Harris charged she assaulted him at the North Broadway address with a knife and a bottle. Jo Ann Fair claimed she assaulted her with a soda pop bottle.

Mrs. Harris was released on \$50 bond posted through the Bradshaw Bonding Company. She is to appear in Police Court on Aug. 5, police said.

Washington Capsules

WASHINGTON (AP) — The Warren Commission plans to devote much of its forthcoming report to rebutting speculation that a domestic or international conspiracy caused the assassination of President John F. Kennedy, says the Washington Evening Star.

It said that the commission's report is expected to be made public the week of Sept. 14, although it will be presented to President Johnson one or two weeks before that.

Chief Justice Earl Warren heads the seven-member commission named by Johnson to investigate the slaying of the President in Dallas last Nov. 22.

WASHINGTON (AP) — In a book published today with President Johnson's endorsement, Sen. Hubert H. Humphrey, writes that America faces one of its greatest challenges in lifting 35 million citizens out of poverty.

The book, "War on Poverty," is the first written by the Minnesota senator, considered a leading possibility for the Democratic vice presidential nomination.

Among other proposals Humphrey suggests a domestic investment bank to make the kind of massive investment needed to rehabilitate the nation's depressed communities.

ing \$46 and papers to police Monday. The loss reportedly occurred sometime Monday near Fourth and Osage.

Mrs. Harris was released on \$50 bond posted through the Bradshaw Bonding Company. She is to appear in Police Court on Aug. 5, police said.

Circuit Court

John E. Sanders, 30, Route 1 appealed city Police Court convictions to Circuit Court and got off considerably lighter when the city dropped one charge and City Attorney John C. McCloskey recommended \$50 fines on two others Monday.

Circuit Court records show the city dismissed an assault charge against Sanders.

The defendant, represented by William J. Brown, then pleaded guilty to charges of disturbing the peace and resisting arrest. Judge Frank W. Hayes assessed fines of \$50 each on McCloskey's recommendation.

Former Police Judge U. L. Howerton had fined Sanders a total of \$125 and sentenced him to a total of 120 days in the city jail on March 30 this year. The charges stemmed from incidents at the Chez Wen Bar and the Terry House Lounge and difficulties police had with Sanders upon his arrest.

Three land commissioners and one alternate appraiser were appointed in Circuit Court Monday by Judge Frank W. Hayes. They will make assessment of damages involved in right-of-way condemnations for new Highway 65 in northern Pettis County.

Appointed as commissioners were Mike O'Connor, Paul Read and Larry Matthews. The alternate appraiser is George Miller, a realtor.

The commissioners are to report to Circuit Court at 9:30 a.m. Aug. 11 to take their oath and then proceed to view property sought by condemnation.

Missouri Woman Is Killed In Bus Crash

WICKENBURG, Ariz. (AP) — A University City, Mo., woman, Esther Mussman, was one of three persons killed Monday night in the collision of a car and Continental Trailway bus carrying about 35 passengers.

The other victims were Maurice Shapiro and his wife Jenny of Circle City, Ariz. Shapiro was a brother of Esther Mussman.

The Shapiro car skidded broadside into the bus in a construction zone.

Several bus passengers were treated for minor injuries and released.

Civil Defense Issue Still In a Bounce

First Ward Councilman Robert Bader followed through on a statement last week and threw the bouncing ball of Civil Defense on to the council floor Monday night when Mayor L. L. Studer called for comments under city good and welfare.

Bader said he still does not know if the city is on part-time or full-time Civil Defense and added that he wishes to see what kind of program is worked out before pursuing the issue further.

"I understand we get just as much under a part-time operation as under a full-time setup," said Councilman J. C. Griffin.

"I don't think the full-time employees spent full-time on Civil Defense."

Bader said he still maintained, however, that the city council should vote again on the council floor to make official any actions decided off the council floor. Bader's point is in reference to a June 6 meeting with the County Court where the three judges, mayor and six councilmen voted to curtail Civil Defense to a part-time operation.

"The budget had \$1,200 listed for Civil Defense and the printed form I have now has \$1,600 in it," Bader declared. "If the other expenses are going to be put in a contingent fund I want to know how much is going to be spent."

Griffin estimated the balance of Civil Defense expenses above salaries at "not over \$500" and said other CD expenses will come from the city's miscellaneous budget.

Agency director Russell R. Conn, Jr., submitted a budget of \$1,053 for the city's share of maintaining the emergency operation center in the courthouse basement. Commenting after the meeting, Director Conn said a like amount would be required from the county and he called the EOC budget as a "rock bottom" figure.

Griffin said he plans to meet with Conn this week to discuss the EOC budget.

Reveals U2 Incident In Cuban Crisis

WASHINGTON (AP) — An American U2 plane strayed over the Soviet Union during the height of the Cuban missiles confrontation and caused "a crisis within the crisis," according to former State Department intelligence chief Roger Hilsman.

Hilsman, one of the Kennedy Administration insiders during the October 1962 episode discloses the details in an article for the Aug. 25 issue of Look magazine.

The downing of a high-flying U2 reconnaissance plane deep inside Soviet territory had in itself caused a crisis in 1960. The United States discontinued the flights over the Soviet Union after that but has continued to use the planes in other areas.

Hilsman wrote that during crucial hours of the Cuban affair:

"An American U2, on a routine air-sampling mission between Alaska and the North Pole had picked the wrong star for its return flight, and was at that moment over the Soviet Union."

"Soviet fighter planes had scrambled. The U2 pilot had gone on the air — in the clear — to call for help. American fighters in Alaska had also scrambled and were attempting to rendezvous with the U2 to escort it home."

Hilsman said that when he got the news he ran upstairs in the White House to tell President Kennedy.

"The implications were obvious and horrendous," he said. "The Soviets might well regard this U2 flight as a last-minute intelligence reconnaissance in preparation for nuclear war."

Kennedy, reported Hilsman, "gave a short laugh that broke the tension. 'There is always some so-and-so,' he said, 'who doesn't get the word.'"

WASHINGTON (AP) — U.S. Soviet messages

Says Castro Has Role In Race Riots

MIAMI, Fla. (AP) — Former Cuban President Manuel Urrutia has accused Fidel Castro of having a hand in racial violence in the United States.

Urrutia, Castro's first chief executive, said Monday in an interview that the Cuban dictator "has from the start of his rule shown an interest in stirring up American Negroes."

"Now he maintains a regular English language broadcast from Havana designed to incite American Negroes to rebellion," he said.

Urrutia referred to "Radio Free Dixie," a broadcast by Robert Williams, Negro from Monroe, N.C., who fled to Cuba after being indicted on a kidnapping charge stemming from racial trouble.

Urrutia, who broke with Castro in 1960, announced plans to form a new anti-Castro party, to be called "Fighting Democratic Unity."

Local Firm

(Continued from Page One)

fire departments would receive free service.

The system would be an all-band 12-channel setup, the proposal says.

Extra Services

"This will provide a start with six TV channels, three from Kansas City and, subject to engineering tests, educational Channel 19 would also be made available. Channels would be 4, 5 and 9 in Kansas City and Channel 8, Columbia, Channel 13, Jefferson City, Channel 6, Sedalia, and KSIS-FM Radio and a continuous weather report informational service."

No proposal was presented from the Cable T-V firm of Iola, Kan. Studer said their president is Larry Hudson and the mayor quoted Hudson as saying the firm would be composed of a majority of Sedalia shareholders with the Cable T-V firm holding a minority interest.

"Sooner or later the council will have to go on record to grant a license or not grant one," Studer declared. "If we grant it then we should accept the most favorable proposal."

The mayor later reiterated this statement and asked for comments.

Want More Time

Councilman Robert Bader said he was under the opinion council members desire additional meetings and suggested the mayor set up some before the next council session.

Studer said he would arrange it, apparently referring to Bader's suggestion of meetings.

The council gave final approval to an ordinance establishing street lights at 14th and Massachusetts, 19th and Lafayette and 14th and Mildred.

City funds for the removal of dead trees and additional blacktopping of streets are nearly depleted. Street and Alley committee chairman Walter Jesse said:

"There is no use to turn in any more dead trees to be cut down," Jesse told fellow council members. "We are nearly past the budget and you might as well explain to your constituents. The same applies to the streets. We are fast drawing to a close on streets to be blacktopped this year. . . . When the money runs out that will be all."

Jessee later pointed out a bill from the Green Tree Service Company of \$1,900 — the charge for removing 70 dead trees. The bill was for trees on city property only.

"You can see the money goes pretty quickly," Jessee commented.

"I'd like to commend the Street and Alley committee," finance and taxes chairman J. C. Griffin said in reply to Jessee's report. "I think Mr. Jessee is trying to stay within his budget and this is just another good example of how little money the city has to operate on."

Atkinson Low Bidder

Atkinson Construction Company was the only bidder for blacktopping new city parking lot No. 14 at Second and Ohio. They bid \$11,090.50 and set completion for 90 days after awarding of the contract.

The Atkinson bid was below the estimate of City Engineer Robert Cunningham, who estimated cost at \$11,515. The bid was referred to the Parking Lot committee.

Councilman Bader reported newly hired Sanitation Engineer Robert Reardon has been placed in charge of the city's three disposal plants, the sewer lines, the plumbing inspector and a three-man sewer maintenance crew. Reardon also had requested one more man for duty on the sewer rodding machine, Bader said.

"I've reviewed the budget and there is not too much of a rosy outlook, but I feel this machine is needed if only for a six-month basis. The department will add a rodding man under Reardon's supervision."

Bader also presented a bill for repairs to a Caterpillar D-8 tractor totalling \$2,483.76. The tractor was damaged by fire recently at the city land fill south of Sedalia and Bader had request-

ed \$5,000 for repairs. He said completion of the repair job will cost only an approximate total of \$2,800.

Installation of new runway lights and fencing at Sedalia's municipal airport on east Highway 50 is complete, Councilman Robert Wells, chairman of the public buildings and grounds committee, reported.

Wells pointed out a district engineer will inspect the new facilities soon and if approved when sent in to the Federal Aviation Agency one-half the total cost will be returned to the city under matching funds. The city will receive a return of approximately \$5,700, said Wells.

"Pilots report we have some of the best lights in the country out there now," Wells said.

New Patrolman

Ray D. Rieder, 1830 South Carr, was approved by the council as a probationary patrolman on the police force. Rieder has been serving on the night shift from 10 p.m. to 6 a.m. under temporary appointment.

There was some question as to Rieder's appointment after the council session. He was approved as a Class C patrolman on the council floor, but councilmen pointed out afterward that this was in error and he should be approved only as a probationary patrolman. All new patrolmen are required to serve a probationary period of six months under the merit system administration.

Rieder's 45 days of temporary appointment are expected to count on his probationary period. No list of eligibles was indicated before council as Rieder's name was approved, but commenting following the session, Chief of Police William Miller said the Police Personnel Board had submitted a list of eligibles, that Rieder was the highest of those submitted and was the personnel board's recommendation.

An ordinance for the installation of a street light at 19th and Thompson was read one time and then passed over for action later.

The council authorized Mayor L. L. Studer to file an application with the Public Health Service for a grant in aid for expansion of the north sewage treatment plant and rehabilitation of the existing north sewage lift station. This grant — if the application is approved — would be made available under the Water Pollution Act and would provide funds for sewer improvements at the north plant in conjunction with the sewer work under the \$3-million bond issue passed last year.

American Agriculture Chemical Company, Olathe, Kan., was granted permission to construct an anhydrous tank at their plant south of the Missouri-Pacific stockyards property.

Charles J. Wenig, 1727 East Seventh, was granted permis-

sion to proceed with curb and guttering work under private contract with supervision of the city engineer.

Approve Sewer Link

Installation of an eight-inch sewer line to be built under private contract and connected to the city sewage main was authorized for Thompson Hills, Inc. and Sedalia West Side Development. The sewer connection request was made by E. W. Thompson, president of the two firms which are developing the Thompson Hills shopping center on west Highway 50.

A liquor by the drink application was approved for Roy W. Day, proprietor of the Bu-Rec, Inc., formerly the Driftwood Inn at 216 East Second.

St. Paul's Lutheran Church, Broadway and Massachusetts, was granted permission to exceed an alley survey line by one foot in construction of their new building east of the present church education building. The request was made to council in a letter from Leslie R. Felkner, church secretary.

Property owners at 232 South Kentucky requested council permission to pave the area between the curb and the sidewalk in front of their property to provide parking space. The council referred the matter to the Traffic Advisory Committee for study.

Also referred to that commit-

tee was a request by Dr. Roy M. Keller, 300 West Third, for shortening of the no parking in front of his residence to allow parking for one more auto.

Officers reports approved for the month of July were: City Collector, Opal Hugelman, \$43,776.17; Stree Cuts, Herbert Wasson, \$98.50; Plumbers Permits, Herbert Wasson, \$78; Building Permits, L. W. Dickmann, \$386; Electrical Permits, L. W. Dickmann, \$79.10; Weighmaster Income, Dewey Houchen, \$241; Library Fines, Lu Parrish, \$98.29; Policed Fines, William Miller, \$2,193; Restaurant and Cigarette Permits, Woodrow Garrison, \$34. Total \$46,984.06.

Department bills through July 31 approved for payment were: General and Administrative, \$1,159.66; Airport, \$125.76; Police, \$1,348.25; Fire, \$497.76; Public Buildings and Grounds, \$58.32; Sewer and Sanitation, \$5,849.64; Street and Alley, \$4,430.10; Lights and Water, \$5,502.06; Gas, Lights and Parking, \$348.74 a sub total of \$19,320.29, Sewer System Account, \$11,689.53 total \$31,009.82.

NCCUSL Now in Session

The familiar statement that "this is a nation of laws, not men" is almost a literal as well as a figurative truth.

It is estimated that there are about two million laws on the books in this country, ranging from village ordinances to amendments to the U.S. Constitution.

No small contributors to this vast wilderness of regulations are the legislatures of the several states which, according to the American Bar Association, are grinding out no less than 35,000 new laws each year. As someone has said, America is one nation with 50 different states of mind.

Usually, a particular state's laws are its own business. But with modern means of communication and transportation and the ever-growing social and economic interdependence of the states, there are many situations where different and differing laws not only are a deterrent to the free flow of goods, business and people but often are an obstacle to justice.

This was recognized as long ago as 1892, when a group of men met to form the National Conference of Commissioners on Uniform State Laws.

In the succeeding 72 years the body, composed of commissioners appointed by the various state governments, has drafted over 200 uniform laws. Areas in which uniform laws have been voluntarily enacted by the states include: extradition, narcotics, trust funds, enforcement of family support by deserting husbands, legal evidence, general commercial transactions.

The 73rd annual meeting of the conference—in New York Aug. 3-8 with more than 200 lawyers and officials from all the states, Puerto Rico and the District of Columbia attending—is considering proposed uniform laws on such matters as deceptive trade practices, estate taxes, defense of indigent persons, rights of convicted persons, adoption of children.

Most people have never heard of the National Conference of Commissioners on Uniform State Laws. It is one of those quiet groups of dedicated men (none receives any salary or compensation; many pay their expenses to the annual conference) whose efforts contribute so much to the successful functioning of this nation of laws.

Looking Backward

TWENTY-FIVE YEARS AGO

A number of residents of the Dresden community have petitioned the Pettis County Court to construct a bridge in Section 23, one and one-half miles northeast of Dresden on the road running south of the Ed Brunkhorst farm. There are 26 names on the petition.

—1939—

O. M. Bruce, 1700 South Harrison avenue, for the past six years with the Solon Grocery store, has accepted a position with the Continental Baking Company in Kansas City.

FORTY YEARS AGO

The Central Business College, one of Sedalia's oldest educational institutions, has been sold by Drs. W. M. and W. C. Carter to A. L. Bohling, for the past four years principal of the college, and B. E. Parker, of Towanda, Kan. Mr. Bohling is the son of Dr. and Mrs. Cord Bohling. Before becoming affiliated with the college he was employed at the Third National Bank.

—1924—

Misses Mina Deal, Dolly Alcorn, Bernice Martin, Eva Rue Greene, Dorothy Marcum, Edwin Martin, Dave Williams and Daisy Damrill attended the Epworth League Institute of Carthage, Mo. The Rev. R. E. Hurd is dean of the institute.

—1924—

Miss Marian Letts, 1217 West Fourth street, entertained a company of friends at a slumber party at her home in honor of Miss Helen Hummell, of Columbia, who has been visiting friends here the past several weeks. In the party were: Misses Hummell, Mary Mitchell, Laura Johns, Dorothy Van Wagner, Margaret Stambaugh, Marion Keens, Judith Van Dyne, Frances Trader and Marian Letts.

Grate for Spellers

Evidently the British school system has its shortcomings, too. Or perhaps we should blame it on the language, which is even less rational in its English English form than in American English, as far as spelling goes.

At any rate, there is large enough reservoir of bad spellers in the United Kingdom to warrant the publishing of a new book just for them and appropriately entitled "The Awful Spellers' Dictionary."

What a boon to mankind, English-speaking division. For generations bad spellers have been frustrated in their attempts to look up the correct spelling of words. How can you look up a word if you don't know how it's spelled in the first place?

All that is remedied now. For example,

Washington Merry-Go-Round

The Trees, the Sunshine, the Senate

By DREW PEARSON

WASHINGTON—Gnarled George Aiken of Vermont, the only horticulturist in the Senate, went up to Vermont the other day to survey his orchard. The moderate Republican from the once rock-ribbed granite state, used to sell fruit trees. But just as Vermont has lost some of its rock-ribbed Republicanism, so Aiken has tapered off his nursery business.

His own personal orchard this year, however, is thriving.

"I'll have 2,000 bushels of apples," said the senator with pride, "but I'll have to give them away. We also have a big peach year and so many plums I can't give them away."

Senator Aiken's orchard has about 500 apple trees but only seven cherry trees and a few scattered peach and plum trees. But he said he had planted one row of potatoes which, however, were in danger of being eaten by the bugs.

"We used to knock potato bugs into a kerosene can but we haven't got the labor to do it now."

"Did you ever try heavy manuring and not spraying?" I asked, being an advocate of natural fertilizers, not chemicals. "Your trees and plants build up a resistance to insects."

"Yes," said the senator, "I know that, but it takes some time. Most people aren't willing to wait that long."

The senator from Vermont said he hated to leave the relatively simple problems of trees, plants, and sunshine for the politics of Washington.

Sam Rayburn's Successor

There's a difference between the late Speaker Sam Rayburn and Ray Roberts, the Texas congressman who's taken his place. During debate on H.R. 3846 for a land and water conservation fund to assist states in outdoor recreational needs, Roberts offered an amendment denying the fund any proceeds from sales of surplus government property.

"My amendment is very simple," said Roberts. "All it does is gut the bill."

Colleagues blinked incredulously as he explained that H.R. 3846 would be meaningless "if we take that much money out," i.e., the \$75 million to \$150 million a year received from the sale of military bases, hospitals and other government facilities declared surplus.

"I am not up here trying to deceive you about what I am trying to do," declared plain-talking Roberts. "I am apposed to the bill and am trying to kill it by gutting it."

The House vigorously voted him down.

"For Heaven's Sake, Why Don't You Look Where You're Going!"

EDMUND VALTMAN. HARTFORD TIMES

The World Today

Light Campaign Seen For Johnson

By DOUGLAS B. CORNELL
WASHINGTON (AP) — Lyndon B. Johnson dropped the "if" in talking of his own presidential nomination when he dropped Atty. Gen. Robert F. Kennedy and some others as

vice presidential possibilities.

It can be accepted now, in case there was any doubt, that come September President Johnson probably will be out pounding the campaign trail for

President Johnson all around the country, by plane, train, helicopter and motorcade.

Johnson may not acknowledge this, or even know it for sure yet. Some of his lieutenants think he may want to turn over the bulk of the campaigning to his running mate. They suggest the President might touch base in most of the big cities and the states with big votes, but on political sorties of a couple or three days.

The spirit of the old political firehorse may prevail, however, once the campaign gong starts clanging.

By tradition, Democrats start the gong going at an appearance of their presidential nominee at a Labor Day rally in Detroit's Cadillac Square. When Johnson was in Detroit in June he said that "if events work out, I'll be there."

The President hasn't ridden a train since he became president. This may change.

California Democrats reportedly want Johnson out there at least twice before election day. It's a big, long state, with a big electoral vote, and one of the classic campaign routes is by special train down the valleys.

In 1960, Johnson got in some effective licks from the back porch of a train tooting through the South. The son of the Confederacy may want to go back again, with his folksy stories about the infoklop plus another appeal "not as a Southerner to Southerners but as an American to Americans" — as he put it four years ago.

The Democrats are going to hit hard in the Midwest. Some areas there, such as "Little Egypt," in Southern Illinois, can be worked easily by train and car.

In any event,

Johnson may campaign in half the states or more. He says, "I expect to appear in various parts of the country."

It looks as if he won't debate Republican nominee Barry Goldwater on television.

Parts of the South look shaky, but Johnson isn't writing off any region.

He counts on prosperity as the top vote getting issue, an issue that may help offset some of a "white backlash" against racial demonstrations.

He says he will talk about all the issues, "foreign policy is an appropriate subject."

"Most campaigns are rough campaigns," Johnson says. This one probably will be no exception.

James Marlow, who usually writes this column, is on vacation.

Taylor Resigns

LIBERTY, Mo. (AP) — Dr. Garland F. Taylor, dean of William Jewell College since 1959, today announced his resignation to take a similar position with the College of Liberal Arts at Mercer University in Macon, Ga.

YOUR DENTAL HEALTH

Efficient Jaw Joints Work Continuously

By William Lawrence, D.D.S.
Newspaper Enterprise Assn.

Only lower jaws move. Just try moving your upper jaw! Place your index fingers in front of your ears and move your jaw up and down, forwards and backwards, and side to side.

What you feel are the condyles of the lower jaw gliding in the glenoid fossa of the temporal bone which is connected to the upper jaw. These two bones, and muscles and ligaments, make up the temporomandibular or TM joint.

This joint is a marvel of efficiency. Besides these multiple movements, it enables the teeth to exert forces up to approximately 250 pounds per square inch: enough to pull automobiles, yet adaptable to biting hangnails.

It is at work almost continuously: swallowing, chewing, talking, grinding, yawning, crying and laughing. Swallowing accounts for motion every 60 seconds.

These are normal involuntary movements that are part of our very existence. They take place without any awareness on our part. We don't consider how we plan to attack a ham and cheese sandwich; we just take a bite. We become conscious of these

motions only when they are accompanied by some difficulty: snapping or clicking of the jaw; pain and tenderness over the joint; neuralgic symptoms such as pains which radiate into the ear and up the side of the head; burning sensations on the palate or side of the tongue.

Sometimes both joints, right and left, do not work normally and you can't open your mouth very wide. But more often only one side is affected. When you open, your jaw will deviate to one side: toward the affected side. Try opening in front of a mirror to see how your jaw works.

Besides normal wear and tear due to work load and age, the TM joint is subjected to many insults. Arthritis, which produces changes in the joint, infection and accident all take their toll. But it is generally accepted that one important cause of malfunction, probably the major cause, is poor occlusion (upper and lower jaws not coming together properly).

Teeth or lack of them, or damaging habits such as bruxism (grinding of teeth) have much to do with the health of the temporomandibular joint.

Washington Viewpoint

Is 'Leniency' Really Reforming Criminals?

By RAY CROMLEY
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON — Federal Bureau of Investigation studies of 56,126 offenders already have produced figures which lead some government crime specialists to privately question the effectiveness of our present methods of probation, parole, conditional releases and suspended sentences.

These preliminary studies were on offenders "actively handled in 1963" whose records were available to the FBI.

A fourth of this total had only one arrest on their records. But

75 per cent had been arrested an average of 4½ times each.

According to their criminal histories, 52 per cent of these repeaters had received "leniency" (the term used in the study) in the form of probation, suspended sentence, parole or conditional release. Of these, 68 per cent received "leniency" once, 20 per cent twice and 12 per cent three times or more.

More than half of those arrested for murder or serious assault had previously been granted "leniency" three times or more.

The average man or woman arrested for murder or serious assault had a criminal record going back 13 years. He or she had been arrested an average of eight times. The 56 per cent who had been granted "leniency" at one time or another for some crime had an average of five arrests after having been granted that first "leniency."

(Since the year 1925, 14 special agents of the FBI have been slain in gun battles. Twelve of these 14 were killed "by criminals who had been paroled, placed on probation or had received some other kind of lenient consideration from the courts.")

Two-thirds of those arrested for robbery, burglary, auto theft, bogus check passing and sex offenses previously had been granted "leniency" for one crime or another. The average man or woman arrested for robbery had an average criminal career of 13 years, with nine arrests. The two-thirds who previously had been granted "leniency" had an average of six arrests after the first "leniency."

These preliminary analyses show one other thing — the youthful age at which most repeater criminals first violate the law.

Of the 56,126 cases studied, 66 per cent had been 24 or under at the time of their first arrest.

Forty per cent or more were teen-agers when first arrested. Most had crime records which spread out more than a decade.

The crime specialists don't have solutions. But FBI speakers regularly quote Judge Sam Tatum of Tennessee, who said:

"I became judge of the Juvenile and Domestic Relations Court on June 1, 1939. Since that time I have tried approximately 8,000 boys and girls under 17 years of age for violating the law.

"Of that number only 42 were regular in attendance in Sunday School or church."

Democrat Pick-ups

"Fe, Fi, Fo, Fum," said the woman to her two-year-old granddaughter. "I have eight fingers and a thumb — can you say that?"

The two-year-old eyed her with big brown questioning eyes as if she thought she didn't know what she was talking about and answered: "I got two thumbs."

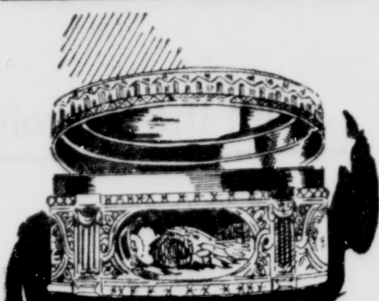

—H. L.

BERRY'S WORLD

"... Other unfamiliar words which might be heard during the heat of the campaign are: palecat, sidewinder ..."

Matter of Fact

The practice of inhaling

snuff and rubbing it on the teeth or gums began in England around the 17th century and was universally practiced throughout the 18th century. Snuff boxes were a challenge to the art and craft of the miniature painter, the enameler, the jeweler and the gold and silversmith. Snuffs were often scented with attar of roses, lavender, cloves, jasmine.

Ann Landers

Answers Your Problems

Dear Ann Landers: I went steady with a handsome, irresponsible lush for three years. We became engaged on my 19th birthday and for two lousy years I've listened to his lies and nursed him through hangovers. Last week when he forgot where he had parked his car

for the 15th time) and came for me in a taxi, I decided I had had it. I returned his ring and told him never to call me again.

What I want to know is this: Everyone thinks of me as Lou's girl. Somehow I must get the word around that I am no longer engaged. How would it be if I ran a small ad in the paper—something cute like, "I'm available again. It's all over between Lou and me," and accompanied the ad with a small picture?

All want from you is a yes or no. No corny comment or sermonizing is necessary. —MISS DISENGAGED
Dear Miss: No.

See Largest Searchlight In St. Louis

ST. LOUIS (AP) — A huge searchlight, believed to be the world's largest, may again fill the St. Louis sky with its glare.

Suburban University City assistant city engineer, Robert Norvell, predicted the 60-year-old carbon-arc lamp will be turned on by Sept. 1. The seven-foot-diameter light in University City Hall has not shone since 1938.

Its cables, switchboards and other electrical equipment were disposed of in the early 1940s.

The light is 25 per cent larger than its nearest known rival, a searchlight built for the Corps of Engineers in 1940.

Norvell tells a story of the light being built by Gernal Electric Co. for the Russian government, and the Russians refusing to accept it. GE has no record of it, though.

Then, Norvell continued, the University City founder, Edward G. Lewis, bought the light and built it into his administration building.

However, the ornate office building was lost when Lewis' financial empire collapsed. He went to prison for fraud. University City acquired the building in 1930.

The Illinois-Missouri Bi-State Development Agency that operates the St. Louis area mass transportation system recently eliminated almost all streetcars, leaving it with direct current equipment needed to operate the searchlight.

Bi-State agreed to furnish the equipment without cost. Then, Union Carbide Co. promised to build new carbon arcs, also without charge. Granite City Steel Co. and McDonald offered their assistance in getting the light turned back on.

General Electric said it will cost about 60 cents an hour to operate the searchlight. Norvell said the light's beam is bright enough to read a newspaper 10 miles away.

He added the beam could be seen 300 miles away in Kansas City if it were pointed straight up on a clear night.

Sedalia Girl Scouts Attend Camp Pin Oak

Listed below are Sedalia Girl Scouts who completed a two week camping session July 31 at Camp Pin Oak, the Heart of Missouri Girl Scout Council established camp at the Lake of the Ozarks:

Christine Baker, Beth Freese, Brenda Horttor, Joyce Kettner, Janet Norris, Barbara Schrader, Anne Sillers and Tonya Young. Special awards went to: Miss Horttor, water fun badge and back yard fun badge; Miss Kettner, water fun badge; Miss Young, advanced beginner badge.

Ho'makers Club Holds Annual Summer Picnic

Georgetown Ho'makers Club met in July at Liberty Park for its annual picnic. Contributive lunch was served to 16 members, several children and the guests.

In the absence of the president, Mrs. C. E. Wells, Mrs. Charles Matthew conducted a short business meeting.

The next meeting will be on Sept. 16 at the home of Mrs. W. D. Dunham.

Miss Carolyn Esther Page Weds James Penick in July Ceremony

At Lake Creek Methodist Church, in an all white setting of chrysanthemums and gladioli, Miss Carolyn Esther Page became the bride of Mr. James Penick at half past two o'clock, Sunday afternoon, June 28. Double ring vows were heard by the Rev. E. L. Rathert, grandfather of the bride, and the Rev. Linus Eakers, pastor of the church.

The bride is the daughter of Mr. and Mrs. George H. Page, Florence. The bridegroom's parents are Mr. and Mrs. Clyde Penick, St. Louis.

Miss Jeanne Judkins, Kansas City, played selections and accompanied Miss Sandie Petty, who sang "The Wedding Prayer" and "The Lord's Prayer."

Cathedral tapers for the sanctuary were lighted before the ceremony by the bride's brothers, Mr. Hal Page and Mr. Kenney Page.

The bride was escorted to the altar and given in marriage by her father. She wore a self-styled traditional wedding gown of white taffeta. The slender bodice was designed with long tapering sleeves which came to points over the hands, a round neckline, etched with embroidered lace. The fullness of the skirt was achieved by unpressed pleats, released at the sides and back and lengthened to a small chapel train. A crown of pearls held her elbow length silk illusion veil and she carried a bouquet of white roses, carnations, and one gardenia, which was later taken from the bouquet to be worn with her traveling costume.

Miss Virginia Page, sister of the bride, was maid of honor. She wore a blue iridescent street length dress with cummerbund and bow of self-material at the back waist. The headband was a flat bow of the same material. Her bouquet was of white and blue tinted carnations formed in a cross.

Bridesmaids, Miss Jean Penick and Miss Jane Penick, twin sisters of the bridegroom, and junior bridesmaids, Miss Paula Page and Miss Twila Page, sisters of the bride, all wore dresses like that of the maid of honor.

Bouquets of the bridesmaids were the same as the one carried by the maid of honor. Junior bridesmaids' bouquets were

white and blue tinted carnations, in Colonial arrangements. Miss Denise Penick, Atlanta, Ga., niece of the bridegroom, was flower girl. She wore a small wrist corsage and carried white rose petals.

Master John Blake Penick, Atlanta, Ga., nephew of the bridegroom, was ringbearer. He carried rings on a lace heart shaped pillow.

Mr. Bill Penick, Atlanta, Ga., brother of the bridegroom, was best man. Groomsmen were Mr. Gene Page, Warrensburg, cousin of the bride, and Mr. Louis Wilkens, Belton.

Mr. Robert Rages, cousin of the bride, and Mr. Hal Page, brother of the bride, were ushers.

The bride's mother wore a powder puff blue sheath dress with white accessories. The mother of the bridegroom selected a light aqua sheath with accessories of white. Both mothers wore white and blue tinted carnation corsages.

After the ceremony, a reception was held in the church basement. Guest book was kept by Miss Betty Blinne, Kirkwood, cousin of the bride. Gifts were opened before the ceremony by Miss Ruth Rosebrugh and Miss Linda Redman, both of Warrensburg.

Servers were Miss Ruth Rosebrugh and Miss Linda Redman, Warrensburg; Miss Betty Blinne, and Mrs. Oliver Blinne, Kirkwood and Mr. Claude Page, Smithton.

The wedding cake was baked and decorated by the bride's aunt, Mrs. Blinne, Kirkwood. The three tiered cake held a miniature bride and bridegroom, on the bridal tier.

The bride chose for traveling a powder puff blue sheath dress, accessorized with white. Her corsage was the white gardenia from the bridal bouquet.

The bridegroom is a graduate of Central Missouri State College, Warrensburg, where the bridegroom is a teacher and the bride is employed at the Citizen's Bank, Belton.

Out of town guests were: Margaret Enloe, Don Austin, Barbara Walker, Marilyn Gaff, Jim Pieper, Mr. and Mrs. B. J. Hagan, Mr. and Mrs. Robert L. Woodall and Jeffery, Jeanne Judkins, Kansas City; Mr. and Mrs. Linley Enloe, Namoi and Omega, Marshall; Mr. and Mrs. George Buernmann, Ballwin; Mr. and Mrs. Bill Penick, Mike, Blake, Denise and Regina, Atlanta, Ga.

Mr. and Mrs. Gene Page, Linda Redman, Ruth Rosebrugh, Warrensburg; David R. Guhlow, Whiteman Air Force Base; Frank Holmstrom, Independence; Elaine Haase, Grandview; Mrs. Paul Houppert, Judy, Karen and Gail, Jan Penick, Mr. and Mrs. Clyde Penick, Jane Penick, Mr. and Mrs. Bob Blinne, St. Louis; Sandie Petty, Ruskin Heights; Louis C. Wilkens, Belton; Betty Blinne, Mr. and Mrs. Oliver Blinne, Kirkwood; Norman Ambrosius, Butler.

A bridal shower was given in honor of Miss Page prior to the wedding by Mrs. Vernon Stice, Florence.

Guests were: Mrs. Mamie Carver, Mrs. Beulah Schlobohm, Mrs. Clara Kaenbley, Mrs. Zetta Bass, Mrs. Martha Monese, Mrs. Bud Suduth, Mrs. Susie Rages, Mrs. Velma Dittmer, Mrs. Geniva Hampt and Jeanette, Mrs. Nola Zahringer, Mrs. Zelma Bremer, Mrs. Claude Page, Mrs. Elsie Page, Mrs. Nevelle Doogs, Mrs. Lillie Siegel, Mrs. Louise Mertgen, Mrs. George Page, Virginia, Paula and Twila Page.

John Lowe Circle, East Sedalia Baptist Church, will meet at 2 p.m. in the church basement.

Fidelis Class, East Sedalia Baptist Church, will have its annual watermelon social at 7 p.m. at south shelterhouse, Liberty Park.

YOUR EYES AND VISUAL FUNCTIONS

When getting children ready for the school year nothing can be more important than eyes and health. Learning depends upon vision. Children's vision depends upon the thoughtful care of parents.

Children should be given a careful, painstaking examination of eyes and vision at an early age. Only in this way can parents be sure that the child enters school prepared to learn and do the required school work.

Many noted authorities say that more than half of all school children have inadequate visual skills to achieve successfully in their studies. Every child deserves the chance to learn and compete with the other children in the class.

The Missouri Optometric Association suggests that it is eminently worth while to have the school child's eyes carefully examined at least once each year. Optometry has developed a system of preventive and protective eye care for the student that is a wide departure from the methods in use a decade or two ago.

Especially is this true in the prevention and control of myopia (near-sightedness). It is the exception today for a child or young adult to develop high amounts of myopia when under modern optometric care. The onset of myopia can often be prevented entirely by proper and timely care.

Myopia (near-sightedness). It is the exception today for a child or young adult to develop high amounts of myopia when under modern optometric care. The onset of myopia can often be prevented entirely by proper and timely care.

Rooney Is Challenger For Van Dyke

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP) — Come fall, it will be Mickey Rooney against Dick Van Dyke.

If television has a boot hill, it is network time periods opposite hit shows.

Perfectly good programs often die from lack of attention. Last season's victims included "The Judy Garland Show," overwhelmed by NBC's "Bonanza," and NBC's "Espionage," which never had a chance against CBS' "Beverly Hills Cop."

This season ABC proposed to toss the veteran Rooney into the ratings battle against the top rated "The Dick Van Dyke Show."

Rooney, the pink-sized David in the fight, appears unconcerned about what could be an eight-ball position. His "Mickey" series centers about a family, the usual husband, wife and two children, who inherit a resort hotel.

A Hollywood film studio is a place where the real blends with the unreal and imagination merges with practicality so often and so well that it is hard to tell where one leaves off and the other begins.

At 20th Century-Fox, for instance, they have constructed permanent outdoor sets for ABC's new "Peyton Place," in an area containing the studio's commissary, fire department and other work-a-day buildings.

The commissary has been dressed up with a sign and will be used as the Peyton Place Hotel. The fire department building has been transformed into the "Peyton Place Fire Department."

Young Engineer Is Found Dead

KANSAS CITY (AP) — James C. Rist, 25, a mechanical engineer from Cleveland, Ohio, was found dead in an underground vault at the Electric Storage Battery Co. Monday.

The cause of death was not determined immediately.

Rist came to Kansas City a week ago to work on a system to neutralize waste sulfuric acid at the battery firm before the acid flows into city sewers.

He worked alone Monday afternoon in the vault, where the acid is stored in a tank.

His body was discovered by a plant engineer who stopped to talk with him at quitting time.

Uses for Newspapers

RESERVE, Kan. (AP) — Bothered with 'coons in your corn patch'?

Try newspapers.

Mrs. Edward Rodgers Sr., reports raccoons were making off with her roasting ears in considerable quantity until she spread newspapers between the corn rows.

"While it's difficult to believe, the wasteful 'coons vanished like magic from my sweet corn patch", she reported.

Her theory is that the papers held enough human scent to alarm the animals.

Freeman Makes An Appeal To Cattle Industry

WASHINGTON (AP)—A new appeal to the cattle industry to cease insisting that Congress pass legislation imposing rigid controls on meat imports was made Monday by Secretary of Agriculture Orville Freeman.

He told a 25-member legislative committee of the American National Cattlemen's Association that actions taken by the government are helping to improve cattle prices which started declining over a year ago.

The association and other livestock groups are supporting legislation passed by the Senate last week for import controls. The bill is now before the House. It is opposed by the administration and there is a threat of a presidential veto.

Freeman said government buying of beef, promotion of export sales and negotiation of voluntary agreements with exporters to reduce shipments to this country are among actions taken.

"The legislation you seek in the Congress today will not reduce beef imports this year or next," Freeman said. "The actions we have taken have already achieved the objectives of your proposal."

Freeman said the voluntary agreements with exporters have averted the danger of dumping for at least three years and will give the government time to conduct what he called critical trade negotiations to expand competitive opportunities for all of agriculture.

Freeman said if trade negotiations do not succeed the administration is prepared to act on legislative import restrictions.

James T. Watkins Promoted by Chevy

James T. Watkins, Richmond Heights, son of Mr. and Mrs. J. G. Watkins, 614 West Broadway, has been appointed purchasing agent at Chevrolet-St. Louis plant. He has served as buyer at the auto plant for three years. He succeeds John J. Cowdery, who has been appointed a divisional buyer at Chevrolet Central office in Detroit.

Watkins joined Chevrolet in 1951 after serving in the United States Navy eight years as aviation machinist. He began his career with Chevrolet as a clerk at the St. Louis shell plant and was transferred to the assembly plant in 1954. He was appointed buyer in 1961.

Watkins is a member of St. Louis Chamber of Commerce and takes part in Catholic Youth League activities. He and his wife, Mary Anne, have seven children.

Business Mirror

Retail Sales Still Rising, Personal Income Growing

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — A build-up in savings is reported this summer. This reverses the trend earlier in the year. And it adds a new chapter, however brief it may prove to be, to the business and government's hardy whodunit: What will the American consumer do with his money?

Retail sales are still rising. The American consumer isn't pinching pennies yet. The total of personal incomes keeps growing and collectively he has more to spend. So he is spending a little more. Also, federal income tax rates are lower and he has more to spend. So he's spending a little more of that.

But in the first weeks after the tax cut, his extra dollars seemed to be going largely toward trimming his debt load. This is a kind of savings in itself. Charge accounts and other forms of personal short-term debt shrunk a bit. And while the consumer was paying his bills, his savings accounts in various institutions either were not growing at all or at a noticeably reduced rate.

Then sales of many big-ticket items, like autos and household appliances, were healthier than in recent years. The taking on of new installment credit to finance such sales was noted.

From this, government and some corporate economists decided that the tax cut was achieving its avowed purpose, spurring economic growth. People were buying, so industry

could produce, and expand to produce more.

But now the savings institutions report that the savings rate is increasing again — and this time without the stimulus of any new increase in interest rates on savings. Having settled their more nagging bills, some Americans apparently are putting away more of their increased take-home pay.

That still leaves money enough in the country to raise the total of retail sales. And the outlook for fall business is good, most merchants agree.

Manufacturers have been more inspired by the tax cuts and depreciation allowances. Their spending for expansion and modernization increases with each new report. And most of them have the sales and profits gains to back up their optimism for the future.

Savings by consumers, so long as total spending isn't cut, is no drag in itself on the economy.

The funds pouring into the institutions are available for the financing of the growth which industry is starting or planning.

Another Sanity Test Scheduled For Ex-Convict

CHARLESTON, S.C. (AP)—Joseph Francis Bryan Jr., a 26-year-old ex-convict charged with kidnapping in the disappearance of three young boys, will be sent to Missouri soon for another sanity test.

The office of the district attorney in Columbia said the examination at a federal hospital in Springfield, Mo., is expected to take at least 60 days, but may be completed before Oct. 12 term of federal court in Columbia.

The second sanity test for Bryan, of Audubon Park, N.J., was ordered after a two-day court hearing last week. The first test, given by state mental hospital doctors, found him "not insane."

Bryan is charged with kidnapping 10-year-old John David Robison of nearby Mount Pleasant. The child's body was found in late March in a shallow grave on Florida's east coast.

Bryan was arrested in April in New Orleans. With him was an 8-year-old Humboldt, Tenn., boy. The boy was not harmed.

Later, police found the body of a New Jersey boy in a wooded area in Virginia and that of a missing Tampa, Fla., boy in a Palmetto Grove near Venice, Fla.

Bryan also was charged with kidnapping the New Jersey and Tennessee boys.

Buddy Dial Rests After An Operation

By DICK COUCH
Associated Press Sports Writer

Buddy Dial, a prize addition to the Dallas Cowboys' pass-receiving corps, rested today after a successful operation, but the former Pittsburgh Steelers star will be a big question mark when his new club opens the National Football League season next month.

Dial, acquired from the Steelers last December, underwent surgery in Dallas Monday to correct a tear in the middle muscle of his right thigh. The Rice alum was hurt last week during a workout at the Cowboys' training camp in Thousand Oaks, Calif.

"We are very pleased with the results," said General Manager Tex Schramm. But, according to team doctors, Dial won't be able to run at full speed for about six weeks. The Cowboys and St. Louis Cardinals kick off the regular NFL schedule at Dallas Sept. 12.

Another pass-catching standout, Chris Burford of the Kansas City Chiefs, underwent a knee operation today in Dallas. The American Football League star had a similar operation two years ago. He injured the knee two weeks ago and will be sidelined for six more weeks. KC Coach Hank Stram said half-back Abner Haynes will replace Burford at split end in the Chiefs' exhibition opener with the Oakland Raiders Sunday.

The NFL champion Chicago Bears, preparing for their Friday night date with the College All-Stars at Chicago, went through stiff offensive and defensive drills after Coach George Halas said scouting reports show the current All-Star squad is stronger than the one which upset Green Bay last year.

The Packers, who meet St. Louis Saturday night at New Orleans, examined pictures of the club's first intrasquad game and Coach Vince Lombardi lauded the performances of rookie tackles Steve Wright, Alabama, and John McDowell, St. John's, Minn.

The Cardinals held a 90-minute workout in 95-degree weather, stressing offensive patterns to be employed against the Packers.

The Baltimore Colts will play their intrasquad charity game, rained out Monday night, tonight. The Municipal Stadium game is expected to draw 40,000 fans.

Ex-Teamster Officer Begins Prison Term

KANSAS CITY (AP)—Cecil H. B. Bennett, secretary-treasurer of Teamsters Local 41, has started serving a two-year federal prison sentence for conspiring to embezzle union funds. He surrendered Monday.

Bennett was convicted in December, 1962, along with Stanley Clevenger, former business agent, and Floyd R. Hayes, former secretary of the local. Clevenger started his two-year term July 29.

HOTEL President
KANSAS CITY, MO.

WINNER OF CYCLE RACES—Bill Ershig, Van Nuys, Calif., was the winner of the feature race at the Thunderbowl Race Track, Sunday afternoon in motorcycle races which were sponsored by the American Motorcycle Association, Inc. Don L. Shifley, Kansas City, placed second in the feature while John Agee, Springfield, Mo., was third. Shifley had the fastest time for the quarter-mile track making the oval in :18.23. Thirty-32 race riders were in attendance and took part in the four heat events, two semi-final events, and qualifiers in the feature. Dan Doty, Jr., one of the proprietors of the Thunderbowl, announced they plan on holding another AMA sanctioned race at the track about the middle of September. He said entries of the last race came from all over the country to take part.

Big, Strong Man Plays Lonely Role

CHICAGO (AP)—During the College All-Star drills when big strong men battered each other in preparation for Friday night's game against the Chicago Bears, one big, strong man played a relatively lonely role.

Dick Van Raaphorst of Ohio State took no part in the muscle vs. muscle scrimmages. If it hadn't been for his football uniform, Van Raaphorst would have appeared to be a stranger to the practice sessions.

Over and over again Van Raaphorst practiced what he does best—kicking field goals. And if the All-Stars defeat the Bears in Soldier Field, the booting Buckeye might provide the margin of victory.

Van Raaphorst, a 21-year-old 6-1 220 pounder, was one of the top field goal kickers in collegiate ranks last season. He set a Big Ten record with six goals in conference competition and eight for the year. He boots them long and he boots them short.

Because of the tremendous defense the Bears are expected to throw at the All-Stars, Van Raaphorst should have plenty of chances to try his specialty.

The All-Stars will find the going rough when they get into Bear territory and the Bears' secondary has no intention of allowing All-Star quarterbacks to throw touchdown bombs. More often than not, Van Raaphorst will be called upon to attempt field goals.

If the big guy is reasonably successful, he could provide the All-Stars with the necessary points to upset the Bears.

Hints US May Lag In Sonic Flights

OKLAHOMA CITY (AP)—Federal Aviation Agency Administrator Najeeb Halaby said Monday night there no longer is any question whether there will be supersonic transports in the future.

Halaby said the issue now is whether the United States "will be in a pre-eminent position" with other nations that are progressing with similar plans, including Russia, England and France.

Halaby pointed out that even the steamboat and railroad met bitter opposition in the early stages of their development.

Halaby and Gordon Bain, deputy administrator in charge of the Supersonic Transport (SST) development program, appeared at an Oklahoma City Press Club Headliner dinner and were questioned by a panel of newsmen concerning results of recently completed sonic boom tests here.

The first round pairings are: St. Joseph Merchantes vs. by Columbia vs. Ravenwood. Weston vs. Bethany. Gower vs. Rushville. Springfield Barnes vs. St. Joseph Henderson. Tarkio vs. Easton. Conception Junction vs. High Point.

Chimp Enjoys Fair

NEW YORK (AP)—A 35-pound, 3-foot, 4-year-old chimpanzee named Johnny fled from the Continental Circus and was picked up by fair police as he climbed onto a sightseeing bus.

R. Emerson, Stolle Back In Favor

By THE ASSOCIATED PRESS

Roy Emerson and Fred Stolle, tagged with a "bad boy" label by the Australian tennis brass, now are back in favor; solidly, thoroughly and completely back in the good graces.

Winning does it. The duo swept Mexico's best 4-1 in Davis Cup American Zone semifinals Monday and have only two more steps to take before meeting the United States in the Challenge Round, climax to the Aussies' drive to recapture the cup they had considered private property until the U.S. upset last year.

Emerson and Stolle, among the players suspended by Australia after they had bolted a tourney there to play abroad, won the final singles matches in Mexico City in straight set Monday, beating Antonio Palafox and Rafael Osuna.

Stolle, who lost to Osuna in a singles match Saturday, clinched the meet for Australia when he scored a surprisingly easy 6-3, 6-2, 6-4 triumph over Mexican national champion Palafox.

That made the best of five series 3-1 and Emerson's match with Osuna was academic. Emerson won 6-3, 6-4, 11-9.

The victory puts the Australians into the American Zone finals against Chile, considered a much weaker opponent than Mexico. The match is scheduled in Minneapolis Aug. 14-16.

Thirteen Teams Enter Double Elimination

ST. JOSEPH (AP)—Springfield Royal Crown will not be back to defend its title in the state women's softball tournament opening Friday night.

Thirteen teams are entered in the double elimination tourney which ends Sunday.

The first round pairings are: St. Joseph Merchantes vs. by Columbia vs. Ravenwood. Weston vs. Bethany. Gower vs. Rushville. Springfield Barnes vs. St. Joseph Henderson. Tarkio vs. Easton. Conception Junction vs. High Point.

Lumpa Sect Outlawed In N. Rhodesia

LUSAKA, Northern Rhodesia (AP)—The Northern Rhodesian government has temporarily outlawed the fanatic Lumpa sect, whose rampages in the past 12 days have cost at least 20 lives.

In a nationwide broadcast Monday night after the Lumpa massacre of 150 persons at Lundazi, Prime Minister Kenneth Kaunda threatened anyone attending meetings of the cult with seven years in prison.

Kaunda said he does not dispute the right of the Lumpas to their religious beliefs — a hodgepodge of African superstition, paganism and Church of Scotland theology — but he insisted on the restoration of order. He said he would lift the ban in about a month if the carnage ends.

Kaunda is trying desperately to bring peace to the central African country before it receives independence from Britain in 12 weeks.

Some 2,200 native troops under white officers are combing the bush for Lumpa prophetess Alice Lenshina, who founded the sect 11 years ago, claiming she had died and returned from Heaven.

Officials believe the terror at Lundazi, a market center 400 miles northeast of Lusaka, was in retaliation for the slaying of 75 Lumpas at the sect's headquarters at Sione Thursday. The Lumpas died in a suicidal charge with spears and muzzle loaders against government riflemen.

Some 200 men and women sacked and destroyed 10 villages, attacked government offices and overran a police station in the Lundazi area Monday, a government spokesman said. Most of the victims were African villagers. Two Indian families and an African policeman also were killed, the spokesman said.

Kaunda told a party rally in Lusaka to leave repression of the Lumpas to his government. Vowing to avenge those slaughtered, Kaunda promised to give the sect "three times as much trouble" as it had given. "There is something wrong with our nation," he said. "Part of us has stopped thinking, we have got to work hard to clean up this rubbish."

Faith In God Evident In Space Topic

HOUSTON, Tex. (AP)—Astronaut L. Gordon Cooper says "Faith in God is evident in the space program."

Cooper, who made the final Project Mercury flight and holds the American record of 34 hours in orbit, spoke from a pulpit Sunday and said faith and prayer are vital to everything living on earth. "Just as they are high in the heavens on a space ship."

Cooper conducted the service at the First Methodist Church of Seabrook, Tex., in the absence of vacationing Rev. Conrad Winborn Jr. Cooper was assisted by Dr. Charles Berry, head of the medical office of the nearby Manned Spacecraft Center, training base for the astronauts.

"Once upon a time, at an altitude of 150 miles over the Indian Ocean, I said a prayer," Cooper told the congregation. "I had tried for months to compose a proper prayer, but finally gave up. Then on the flight, it just flowed out."

He said prayer is needed for more than space flights. "We need to pray every day, to thank Him and ask for His guidance and strength," he said.

Cooper said he had problems trying to name his spacecraft. "Webster's dictionary helped me the most," he said. "It gave three definitions of faith—belief, loyalty and confidence. With international attention focused on the flights, I wanted the world to see those things."

The craft was named "Faith Seven."

"We used modern language when we said that all systems were 'Go,'" he said. "But what we were saying deep down was that we had a tremendous faith in God."

FACE ENGLISH—Lida (Fee Fee) Matthews of Portsmouth, Ohio, isn't putting body English on this putt, but she certainly seems to be trying to control the ball with her facial muscles.

Hot Weather Stifling In Mid-Section

By THE ASSOCIATED PRESS

Crops and pastures were in the critical stage in Texas today as the long, dry hot spell continued.

In other areas, stifling heat and choking humidity added up to high temperature records for the date.

Municipal water supplies dwindled in parts of Texas and Louisiana. The only spots escaping the long dry spell and the blistering hot weather were around the Texas coastal bend.

Wichita, Kan., reported a high temperature of 108 degrees for a record for Aug. 3. Chicago also experienced the hottest Aug. 3 on record with an average temperature of 87 degrees. Chicago's high of 98 equalled the record for the date set Aug. 3, 1944.

The mercury climbed to 110 degrees in Hutchinson, Kan., and Hennessey, Okla., as the central part of the nation remained in the grip of the heat wave.

New high temperature records for Aug. 3 included: St. Louis, 104; Springfield, Mo., 102; Louisville, Ky., 101; Grand Rapids, Mich., 100, and Muskegon, Mich., 99.

Not all the records were high ones. A low of 55 set a record for Aug. 4 in Philadelphia. Connecticut had a record low of 49, compared with the old mark of 51 in 1956.

An isolated tornado touched down Monday at Elgin, Ill., northwest of Chicago, and Logansport, Ind., was swept by wind-driven rain measuring 1.90 inches. Brazil, in west-central Indiana, was hit by large hail, heavy rain and strong winds. High winds and heavy rain blew down tents at the Randolph County 4-H grounds in east-central Indiana.

More seasonable conditions prevail today in the Northeast, the extreme North and the northwestern parts of the nation, while precipitation was heavy in the east-central section.

Jersey City Scene Of Racial Rioting

JERSEY CITY, N. J. (AP)—The rioting in Jersey City the past two nights was the fourth outbreak of racial violence in the Northeast in two weeks.

In New York City, rioting broke out in Harlem on July 18. One Negro was killed. In the Bedford-Stuyvesant section of Brooklyn, Negroes rioted and looted on July 20-22.

From July 24-26, rioting in Rochester, N.Y., brought four deaths.

Housewives Turn Out To Rescue Trees

ELMONT, N.Y. (AP)—Housewives pushing baby carriages have routed the tree choppers in the first skirmish over the shade trees of Evans Avenue.

Town officials of this Long Island community want to widen the streets, lined with oaks and elms that stand between the sidewalks and the pavement.

The women of Elmont, many of them refugees from the concrete canyons of New York City, want to preserve the greenery.

They moved out in force Monday.

Mrs. Charles Spanier stationed herself under a condemned tree, looked up at a workman and said:

"If you cut off one more branch, you'll have to drop it on my head to get rid of it."

The workman climbed down. Pushing their infants in front of them, a dozen housewives led by Mrs. Hope Fox surrounded a truck that was to haul away the dismembered trees. They clogged Evans Avenue and, after an hour, forced the workmen to give up for the day.

Town officials were not available for comment.

"I have nothing against drainage pipes or new curbing," said Mrs. Fox. "It's just that we moved out to the suburbs because we like the country atmosphere, which is rapidly disappearing."

"This whole thing started months ago, when we first heard that the streets in a 22-block area south of the Hempstead Turnpike were going to be widened."

"We understood then that some of the trees would have to go, but there would be enough room between the sidewalk and the curb to plant new ones if we wanted to. But, when the man came around last Friday to mark the trees that were to be cut, he marked all but four in the whole area and told us that the curbs would be right next to the sidewalk."

"Solid cement! Imagine that!"

Hal Boyle's Column

Once Great Movie Star Takes Peek at the Past

By HAL BOYLE

NEW YORK (AP) — "I've seen them all come and go, and I'm still hanging around," cheerfully remarked Spangler Arlington Brugh, the famous movie star, who will be 53 Wednesday.

"I feel pretty good about life. There's nothing much that bugs me. I've always successfully avoided anything that bored me too much.

"I've always just been a guy who tried to keep my nose clean, do my job and avoid conflict as much as possible. I've tried to do things that would make me happy and not hurt others.

"The only thing I worry about is what's my next picture going to be."

Tanned, blue-eyed and still strikingly handsome, Spangler Arlington Brugh can look back on a career that has few if any parallels in filmdom.

As a boy back in Beatrice, Neb., he wanted to be a doctor like his father. As a youth he lugged a battered cello to California and hoped to become a musician.

But a talent scout saw him in a college play and he went to work for MGM in 1934 at \$35 a week. He stayed there 26 years, the longest period any top star has ever worked for any one studio.

And Spangler Arlington Brugh did become a top star.

He was mobbed by crowds of up to 5,000 people. A news magazine once described him as "the most admired matinee idol since the late Rudolph Valentino."

One poll in 1936 rated him as more popular than Clark Gable. His weekly salary climbed that year to \$3,000, his weekly fan mail to 7,000 letters.

A list of the leading ladies he played opposite makes a roll call of Hollywood's most beautiful stars, past and present.

In 30 years Spangler Arlington Brugh earned millions of dollars, appeared in nearly 70 films and starred in a television series.

During all that time he avoided public scandals, was well-liked by his fellow workers — and never won an Academy Award. Today he and his second wife, actress Ursula Thiess, live quietly with their two young children on a 113-acre farm near Beverly Hills where they are raising 17 quarter horses, 52 hens and two roosters.

"We're not trying to corner the poultry market," he said.

Horsemanship Round Up Set For August 8

The annual Pettis County 4-H Horsemanship Round up will be held Saturday Aug. 8, at the State Fair Coliseum in Sedalia. The event is open to the public.

The round up will start with registration at 9 a.m. followed by Horsemanship and showmanship judging at 10 a.m. Beginning at 1 p.m. will be the Grand Entry followed by Western Horsemanship, Pole Bending, Stake Race, Barrel Race, Flag Race, Reining, Rope Race, and Musical Chair. Also, during the afternoon, the Pettis County 4-H Queen, Miss Donna De Mott of Striped College 4-H Club, will rein over the round-up.

Premiums and Ribbons are to be presented to winners of various classes. Premiums will be paid on the Horsemanship classes and ribbons given on all other classes. Two trophies will be presented to the 4-H members who are judged best all round in the Horsemanship, Showmanship, and Western Horsemanship classes. One trophy will be presented to the winner under 14 years of age and one to the winner over 14 years of age.

Competition classes will be limited to 4-H members in the 4-H Horsemanship project. All who attend will have an enjoyable and exciting afternoon.

The judges and other individuals officiating at the Round-up are: Master of Ceremonies—Raymond Wasson; Registrar and score keeper, Mrs. Harold McGinnis, and Mrs. W. F. Rife; Ring Master, I. D. Gregory and Arena Man, Louis Staples.

Judges for the show will be Frank Zahringer and Dale Dirck.

Fighting In Nicosia

NICOSIA, Cyprus (AP) — Fighting erupted again today in the Kyrenia Mountains north of Nicosia, a U.N. spokesman said.

Fighting between Greek and Turkish Cypriots echoed along both sides of the strategic, Turkish controlled Kyrenia Pass.

"We do like outdoor life, and we're not very socially inclined."

Looking back across the years, he said he felt most grateful to two people: MGM studio boss Louis B. Mayer who built him into a star, and to his former wife, Barbara Stanwyck.

"She had been in the theater all her life. She knew all the pitfalls an actor could run into in Hollywood," he said.

At 53, Spangler Arlington Brugh has a special reason for feeling grateful to studio tycoon Mayer.

"It was he who changed my name to Robert Taylor," he said.

Youths Talk Of Attending Freedom Meet

Miss Sandra Kay Pahlow, Smith-Cotton High School junior, and Robert Wiley, Hughesville High School junior, gave informative reports on a four-day Freedom Forum course they attended earlier this summer before the members of the Sedalia Rotary Club on Monday noon at Hotel Bothwell. The course was held at the Mexico, Mo., Military Academy.

Their Forum attendance was sponsored by the Missouri State Chamber of Commerce and the Missouri Farm Bureau Federation. They were introduced by Matt Green, president of the Pettis County Farm Bureau.

According to the speakers, the Freedom Forum course explains the American competitive enterprise system, the individual freedoms and responsibilities of American citizenship, and explores the dangers of communism and the loss of individual freedom under the communistic state. Many noted speakers from throughout the country spoke before the state-wide assemblage of Missouri high school students.

The program was arranged by James E. Bellmer, August program chairman.

The Rev. Leslie Bowers, a Rotarian and Christian church minister from Greeley, Colo., was the guest of Kirk McCrary, and John Talbot, Sedalia, was the guest of Keith Yount. They were introduced by Robert Phillips.

Omer West, club president, announced that five officers of the Sedalia club would attend a Rotary Institute meeting at Marshall, Mo., Thursday, Aug. 6th.

Group singing was led by Richard Snow with Mrs. Lillian Maynard at the piano. The Rev. Bowers gave the invocation.

Only the leg is "broke"— thanks to Blue Cross and Blue Shield.

Accidents and unexpected illness can wreck any family budget. Fortunately this man planned ahead. He protected his pocket book and his self-reliance with Blue Cross and Blue Shield membership.

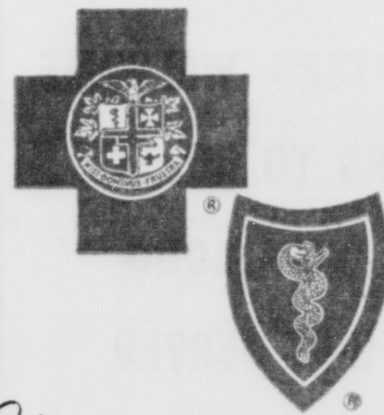

He is not alone. Across the nation more than 63 million Americans are protected against the rising cost of hospital care with Blue Cross. And more than 53 million have its famous companion plan for the doctor bills—Blue Shield.

When almost one-third of the country buys something, you know it must be good. It is! The real test? Benefits received. Last year Blue Cross provided its members with hospital care benefits totaling two and a quarter BILLION dollars. Blue Shield paid doctor bills totaling nearly one BILLION dollars. These amounts returned to members in benefits represent well over 90% of the total dues income for the year.

Do you have the realistic protection of Blue Cross and Blue Shield? Have you planned ahead? If not, mail this coupon for complete information on non-group membership in Kansas City Blue Cross and Blue Shield.

Employers are invited to call one of our service representatives (LOgan 1-8700, Extension #303, Area Code 816) to learn how they can provide Blue Cross and Blue Shield group protection to their employees at low group rates.

THERE IS NO AGE LIMIT!
